

Educators Hold Meet

James Clines, Harbor coordinator of vocational education, participated in the 25th annual conference in Industrial Education held recently in San Francisco. Concerned with the critical issues of increasing high school

dropout problems, unemployment due to lack of job skills, automation and its resultant job displacement, and the increasing delinquency problems, the 250 representatives of industrial education sought partial solutions in the vocational training field.

Red Cross Looks to New Firms

Influx of new business in the Torrance and Lomita areas will lead to greatly increased returns in the current annual Red Cross campaign, according to Charles Gotts, 1625 Cabrillo Ave., small business chairman for the 1963 drive.

"Every new business should be given an opportunity to join with the rest of the community in supporting the many Red Cross services," said Gotts as he pointed out that unofficial surveys of the town had yielded the names and addresses of many newcomers.

A kickoff meeting was held recently where 15 local businessmen and women received campaign assignments in the drive to raise \$1,200 for Red Cross. Latest figures show that 20 per cent of this quota has been reached so far.

Those working on business assignments include C. D. Verdon, Dean Barkdahl, Lou Schanger, C. E. Bowen, Mrs. Grace Wright, Matt Farrell, Jack Phillips, Walter Kroneberger Jr., Cy Frank, Bob Sleeth, J. A. Beasley, Mrs. Mary Pagac, Mrs. Jackie Bush, Mrs. Alpha Larrioux and A. Warren.

COMBAT READY... Marine Private Stanley F. Vincent, son of Mr. and Mrs. E. Fred Vincent of 16610 Glenburn Ave., has completed four weeks of individual combat training with the Second Infantry Training Regiment at Camp Pendleton.

WE GUARANTEE ALL PLANTS AND MATERIALS FOR 60 DAYS

36 days that proved Ford's total performance!

RIVERSIDE, CAL. January 20

In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-holding.

MONTE CARLO January 23

The '63½ Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this... one Sprint defeated every entrant in the Rallye's six special stages.

PURE OIL TRIALS January 27

In a competition designed to test all-around performance, Fords were overall winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.

DAYTONA, FLA. February 24

Daytona "500" history was made when '63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eye-witness proof that Ford's total performance design can endure the maximum in automotive punishment.

...and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the results are important to you. On every slippery surface you need the kind of roadability that placed five Fords out front in

the Daytona "500." On every busy cross street—you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. The winning competition car is bound to be a great road car—and Ford is the big winner!

If it's Ford-built, it's total performance! ... total performance!

TEST-DRIVE THESE TOTAL PERFORMANCE CARS AT YOUR FORD DEALER'S TODAY!
